PROFESSIONAL SUMMARY

Data Analyst with a BSc in Statistics and practical experience in survey research, data management, statistical analysis and insight generation. Trained in Data Science with Python through Sankyana Consultancy Services and experienced in collecting, cleaning, validating, analyzing, and visualizing data. Proficient in Python (Pandas, NumPy, Matplotlib, Scikit-learn), Power BI, SQL, Excel, Stata, and SPSS. Passionate about transforming raw data into reliable insights that support evidence-based decisions

TECHNICAL AND PROFESSIONAL SKILL

Programming and analysis: Python (Pandas, Numpy, Matplotlib, Seaborn, Scikit-learn) SQL, R
Statistical tools: SPSS, Stata, Advanced Excel, Power BI
Data management: Data collection, cleaning, validation, transformation ,analysis and visualization
Professional Skills: Report writing, teamwork, public speaking and project management

PROFESSIONAL EXPERIENCE

Research Assistant | ***Kenya National Bureau of Statistics (KNBS), Nairobi | Feb 2024 – Sep 2026***

- Collected, cleaned, validated and managed large-scale datasets across national statistical surveys, including **GDP surveys, housing surveys (2024), the Kenya Mini Demographic and Health Survey (2025), TVETs Listing and Survey (2026), and the Kenya Census of Agriculture (2026).**
- Designed and implemented sampling frameworks and supported household, institutional, and agricultural field surveys to ensure accurate and representative data collection.
- Conducted data quality assurance checks to identify inconsistencies, minimize errors, and ensure the reliability and integrity of survey datasets.
- Supported statistical analysis and interpretation of socioeconomic, demographic, housing, economic, and agricultural data to generate insights for evidence-based planning and policymaking.
- Collaborated with statisticians, research teams, and field personnel to coordinate data collection, monitor survey progress, and ensure timely submission of accurate data.
- Utilized statistical software, including SPSS, Stata, and Python, where applicable, to process data and generate statistical tables, charts, and analytical outputs.

- Contributed to the preparation of analytical reports, preliminary briefs, and statistical summaries to support national reporting and policy formulation.
- Adhered to data confidentiality requirements, established statistical procedures, and quality standards throughout the research and data management process.

Loans Officer | ***Platinum Credit, Nairobi, Kenya | Aug 2023 – Nov 2023***

- Evaluated loan applications and assessed clients' creditworthiness, repayment capacity, financial information, and risk factors in line with internal policies.
- Promoted credit products and exceeded monthly sales and portfolio-growth targets.
- Provided financial guidance to encourage informed and responsible use of credit services.
- Built client relationships to strengthen retention and referrals, and worked with cross-functional teams to streamline processing and improve customer satisfaction.

Data Analyst (Attachment) ***| Kenya National Bureau of Statistics (KNBS), Nairobi | May 2022 – Aug 2022***

- Compiled, cleaned, and verified trade datasets used to calculate national trade indices.
- Entered, reconciled, and validated field submissions to improve dataset completeness and accuracy.
- Supported senior economists in drafting proposals and concept papers for economic and fiscal-sector studies.
- Used Excel and statistical tools to identify trends in trade flows and economic indicators, and prepared visual summaries for internal reviews and publications.

Enumerator ***| National Census | Aug 2019***

- Conducted structured face-to-face household interviews to collect demographic and socioeconomic information.
- Verified responses, resolved discrepancies, and submitted complete data within deadlines while following confidentiality and census protocols.
- Built rapport with respondents and collaborated with supervisors and team members to meet survey targets.

EDUCATION AND TRAINING

Data Science with Python | ***Sankyana Consultancy Service, Nairobi, Kenya | Nov 2023 – Mar 2024***

Bachelor of Science in Statistics | ***Moi University, Eldoret, Kenya | Aug 2018 – Dec 2022***

Kenya Certificate of Secondary Education (KCSE) | ***Tenwek High School, Bomet, Kenya | Jan 2014 – Nov 2017***

Kenya Certificate of Primary Education (KCPE) ***| Keringet Boarding Primary School, Nakuru, Kenya | Jan 2006 – Dec 2013***

INTEREST

- Reading research and professional publications
- Environmental conservation
- Community events
- Market trends and emerging technologies
